[Docket No. CP97-151-000]

Northwest Pipeline Corporation; Notice of Request Under Blanket Authorization

December 17, 1996.

Take notice that on December 12, 1996, Northwest Pipeline Corporation (Northwest), 295 Chipeta Way, Salt Lake City, Utah 84108, filed in the above docket a request pursuant to Sections 157.205, 157.211 and 157.216 of the Regulations (18 CFR Sections 157.205, 157.211 and 157.216) to amend previously granted authorization in Docket No. CP95-655-000 to modify its North Seattle Meter Station; all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Northwest states that on September 26, 1995, it received prior notice approval to remove the two 8-inch regulators and appurtenances at the North Seattle Meter Station and install appurtenant station piping and valves in order to comply with a request by Washington Natural Gas Company (Washington Natural) for a higher delivery pressure and additional delivery capacity at the North Seattle delivery point.

Northwest states that after further analysis, it has determined that to reduce the scope of the project, Northwest now proposes to remove only one of the two 8-inch regulators and install miscellaneous appurtenant facilities. Northwest states that to increase operational efficiency, it will install a new 6-inch valve which will allow the remaining 8-inch regulator to be by-passed automatically, instead of manually, when additional delivery pressure and capacity is requested by Washington Natural.

Northwest states that the revised total cost for the currently proposed modifications of the North Seattle Meter Station is estimated to be approximately \$17,000, which will be reimbursed by Washington Natural.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the

Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity is deemed to be authorized effective on the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Secretary.
